WORK EXPERIENCE

Web Developer

2023

Simple Steps | Tbilisi

I've had the privilege of working at "Simple Steps" as a Web Developer, where we utilized WordPress, HTML, CSS, and JavaScript to craft amazing websites. By combining both WordPress and hand-written code, we were able to create original and captivating websites, pushing the boundaries of creativity. Some of the real projects I've worked on include:

- odahouse.ge
- cyclonemarkets.com

and many more...

PROFESSIONAL SUMMARY

Hello! I am Jeko and I'm happy to share little information about myself.

In the realm of web development, where innovation and creativity flourish, I, am a passionate and motivated individual ready to embark on new challenges. At the tender age of 20, I bring a youthful energy and a burning desire to excel in the field.

Driven by a relentless pursuit of excellence, I approach every task with unwavering determination, fueled by the belief that no goal is too lofty to achieve. As a team player, I thrive in collaborative environments, actively engaging in meetings and embracing the power of collective intelligence. Drawing upon my strong project planning and organizational skills, I meticulously strategize to ensure seamless execution and deliver results that exceed expectations.

But my thirst for knowledge extends beyond my personal growth. With an insatiable curiosity, I eagerly absorb wisdom from those around me, embracing every opportunity to learn and grow. I firmly believe that true mastery is achieved by sharing knowledge, and I take pride in imparting my expertise to inspire others.

With youth, passion, and an unyielding determination as my driving forces, I am ready to make my mark as a dynamic force in the world of web development.
