ABOUT ME

Hello, I am Jeko - Passionate Frontend Developer dedicated to continuous learning and growth. I thrive on challenges and approach each task with unwavering determination to achieve my goals. Committed to expanding my knowledge in the ever-evolving field of frontend development, I embrace new technologies and methodologies. With a resilient mindset, I tackle obstacles head-on and never back down from a challenge. My proactive approach and dedication make me an asset to any team, and I am always ready to go above and beyond to deliver outstanding results.

WORK EXPERIENCE

SIMPLE STEPS – 2 YEARS

I've had the privilege of working at "Simple Steps" as a Web Developer, where we utilized **WordPress, HTML, CSS,** and **JavaScript** to craft amazing websites. By combining both WordPress and hand-written code, we were able to create original and captivating websites, pushing the boundaries of creativity. Also we were building amazing websites using modern technologies like **React, Next** and more.

FREELANCE – UPWORK

I've 2 years expreriance of creating creative and high quality video edits. I feel most comfortable working with short videos, but I also have expreience working with full-length video montages. Most comfortale apps for video editing is **Adobe Premiere Pro** and **Adobe After Effects**
